# TURKCOMPOSITE: An International Platform for Collaboration and Innovation in the Composite Industry

Bringing together key stakeholders of the international composite industry, **MEET4COMPOSITE** is evolving with a broader vision and the strategic geographical advantages of Türkiye, and will now continue its journey under the TURKCOMPOSITE brand.

Organized in collaboration with the **Turkish Composites Manufacturers Association** and **CNG Expo Events**, **TURKCOMPOSITE** will take place on **October 21-23, 2026**, at the Istanbul Expo Center, Halls 9 and 10.

Positioned as Türkiye's and the region's most comprehensive and internationally recognized specialized trade fair in the sector, **TURKCOMPOSITE** will bring together a wide spectrum of industry players from raw material suppliers to end-product manufacturers, from machinery and equipment companies to solution providers all showcasing the limitless potential of composite materials.

This event aims to foster the advancement of composite technologies and help shape the future of the sector by uniting leading manufacturers, key decision-makers, and technology developers on one platform.

With its advanced industrial infrastructure, highly qualified workforce, and robust supply chain, **Türkiye has become a rising and significant player in the global composite industry.**

According to 2024 data, annual composite material consumption in Türkiye has reached approximately **270,000 tons**, clearly demonstrating the sector's potential for sustainable growth.

# Why Exhibit ?

## ◆ Connect with the Heart of the Composite Industry:

TURKCOMPOSITE 2026 is the most comprehensive international meeting point in Türkiye, the Balkans, and the Middle East, where you can directly experience the latest innovations and solutions in the field of composite materials.

## ◆ Forge New Business Partnerships:

Meet all key stakeholders of the industry under one roof from raw material suppliers to machinery and equipment manufacturers, from component producers to end-product manufacturers and establish strong commercial connections.

## ◆ Discover Innovations Firsthand:

Explore cutting-edge products and applications showcased by participating companies, and discover innovative solutions that will add value to your business.

## ◆ Gain Industry Insight:

Attend seminars and sessions held throughout the fair to stay updated on industry developments, and expand your perspective with inspiring talks by leading experts.

## ◆ Boost Your Brand Visibility:

Stand out among the leading companies in the sector and increase your brand's visibility both locally and internationally by being part of this prestigious platform.

## 2024 STATISTICS

## EXHIBITOR PROFILE

- ◆ Raw Materials and Additives
- ◆ Intermediate and Semi-Finished Product Manufacturers
- ◆ End Product Manufacturers
- ◆ Composite Parts Manufacturers
- ◆ Processing Technologies
- ◆ Process and Production Technologies
- ◆ Laboratory, Quality, and Testing Equipment
- ◆ Recycling and Sustainability Solutions
- ◆ Associations, Consultants, and Universities
- ◆ Industry Services

## VISITOR PROFILE

- ◆ Infrastructure and Civil Engineering
- ◆ Automotive Industry
- ◆ Water Treatment Sector
- ◆ Aerospace Industry
- ◆ Defense, Security, and Ballistics
- ◆ Maritime and Shipbuilding Industry
- ◆ Rail Systems and Railway Sector
- ◆ Construction, Building, and Insulation
- ◆ Energy Sector (Renewable Energy – Wind / Solar)
- ◆ Electrical and Electronics Industry
- ◆ Piping and Tank System Manufacturers
- ◆ Industrial Machinery Manufacturers
- ◆ Sports and Leisure Equipment Manufacturers
- ◆ Medical Devices and Orthopedic Products Manufacturers
- ◆ White Goods and Consumer Durables Manufacturers
- ◆ Mold Manufacturers
- ◆ Oil and Gas
- ◆ Agriculture Sector
- ◆ Furniture Industry
- ◆ Raw Material, Semi-Finished and End Product Manufacturers and Suppliers
- ◆ Universities, Public Institutions, Industry Professionals and Stakeholders
- ◆ Others
